

K-LOVE radio (on my FM dial) serves me as a resident of the San Antonio community uniquely in that it is the ONLY Christian radio station of its kind available to me as a listener in this area. If a LPFM broadcaster were to be allowed to provide programming, my K-LOVE station would be displaced. I have been a financial contributor to K-LOVE for over four years now and feel that if it were to be displaced, my community and others would be losing a positive,encouraging,wholesome message that is extremely family-friendly. Please don't let that happen!
